Pending proposal for power plants in M.P. and U.P.

4440. DR. AKHILESH DAS: Will the Minister of POWER be pleased to state:

(a) whether there are any proposal for setting power plants pending including gas based power plants in Madhya Pradesh and Uttar Pradesh;

(b) whether there are any other proposals for providing additional power supply to the power starved areas of the State;

(c) if so, the details thereof, and at what stage of consideration or clearance the same stand; and

(d) the steps taken so far in that direction?

THE MINISTER OF POWER (SHRI P.M. SAYEED): (a) As per the Electricity Act, 2003, the requirement of according Techno-Economic Clearance by Central Electricity Authority (CEA) has been dispensed with for thermal generation. However, any generating company intending to set up a hydro generating station shall prepare and submit to the Authority for its concurrence, a scheme estimated to involve a capital expenditure exceeding such sum, as may be fixed by the Central Government from time to time, by Notification.

Planning Commission has delegated full powers to State Governments for approval of power projects without any ceiling. Clearance from Planning Commission is to be restricted only to those hydro-electric projects where inter-State issues are involved.

No proposal for setting up of Hydro power projects in Madhya Pradesh and Uttar Pradesh is pending in Central Electricity Authority (CEA).

(b) to (d) Electricity being a concurrent subject, supply and distribution of electricity to different areas and different categories of consumers in a State comes in the purview of the State Government/State Power Utility concerned. A State Government meets its demand for power by generation from own sources, its share from central sector stations and power availed under bilateral agreements. However, the Central Government considers the requests for additional assistance from 15% unallocated power of the region, received from the States/Union Territories from time to time keeping in view relative power supply position of the States, generation resources available with the States as well as their payment capacity. The following allocations have been made at present to Uttar Pradesh and Madhya pradesh from central generating stations.

Madhya Pradesh	
Firm Allocation	1408 MW
Allocation from Unallocated Quota*	163 MW
Allocation from Eastern Region	200 MW
Uttar Pradesh	
Firm Allocation	3249 MW
Allocation from Unallocated Quota	178 MW — 248 MW in different time-slots
Allocation from Eastern Region	40 MW
Allocation from U/A of Rajasthan Atomic Power Station Unit 3&4	0 MW — 22 MW in different time-slots

* Reviewed from time to time depending on emergent and seasonal requirement of constituents of a region.
